Electronics & Telecommunication Engineering student graduating in 2027 with hands-on experience in Python programming from an internship at CipherByte Technologies and Data science internship at codTech IT Solutions. Demonstrated problem-solving and teamwork skills through participation in Smart India Hackathon 2024. Strong interest in Data science , AI and software development, with a focus on innovative technology applications. Actively seeking opportunities to leverage technical knowledge in a growth-oriented environment.

Professional Experience

Data Science Intern

CODTECH IT SOLUTIONS, Hyderabad, Telangana

June 2025 - July 2025

- Gained hands-on experience in data collection, preprocessing, and visualization using Python and relevant libraries (Pandas, NumPy, Matplotlib).
- Worked on implementing machine learning algorithms for predictive modelling, and performance evaluation.
- Developed and optimized data-driven solutions to solve real-world problems.
- Collaborated with team members to apply concepts of statistics, feature engineering, and model validation.
- Strengthened practical understanding of end-to-end data science workflows, from raw data handling to result interpretation.

Python Programming Intern

CipherByte Technologies, Pune, Maharashtra

January 2024 - February 2024

- I successfully completed a one-month internship in Python Programming at CipherByte Technologies, where I gained hands-on experience in software development and real-world application building.
- As part of my internship, I developed ContactMaster, a contact management application with key functionalities such as adding, deleting, and searching contacts.
- This experience enhanced my skills in Python programming, data management, and problem-solving, while also providing exposure to practical industry applications.
- My performance was recognized with a Certificate of Completion, acknowledging my dedication and achievements during the program.

Education

B.Tech in Electronics and Telecommunication Engineering August 2023 - Present

Pimpri Chinchwad College Of Engineering at Pune, Maharashtra

Key Skills

- **Data Structures -**
- **Data Science -**
- **Generative AI -**
- **C Programming -**

- Python Programming -

Certifications

Python Programming Certification

Smart India Hackathon 2024

Data Science

Cloud Computing

Cipherbyte python intern certification

CODTECH IT SOLUTIONS intern Certification
